No Penalty for
Guessing

Words In Context

Students will need to:

- ▶ Interpret meaning based on context
- ▶ Master relevant vocabulary
- ▶ Engage in close reading

No Penalty for Guessing

- ▶ One point for each correct answer
- ▶ Zero points for unanswered items
- ▶ Zero points for wrong answers

Grade—Appropriate Reading

PSAT™ 8/9

Draw fairly simple, one-step conclusions spelled out clearly in the text

Identify relationships based on multiple, fairly straightforward pieces of info stated in the text

Determine explicit meaning from the graphic or text

PSAT™ 10 & PSAT/NMSQT®

Draw a more subtle inference to reach the right conclusion from a text

Infer somewhat more complicated relationships based on more subtle pieces of info stated in the text

Recognize trends in graphical data

SAT®

Perform several steps to draw the right conclusion from a text

Infer more complex relationships from the text by piecing facts or incidents together

Synthesize information from a graphic and passage

Grade—Appropriate Writing and Language

PSAT™ 8/9	PSAT™ 10 & PSAT/NMSQT®	SAT®
Use punctuation effectively in simple contexts, such as using commas to separate items in a list	Use punctuation effectively in somewhat challenging contexts, such as using a colon to introduce a list	Use punctuation effectively in challenging contexts, such as using a semicolon to link independent clauses
Edit straightforward sentences that pose some challenge, such as sentences with an introductory phrase	Edit compound and complex sentences, including sentences with introductory phrases and clauses	Edit syntactically challenging sentences, such as lengthy sentences that include several clauses
Accurately incorporate basic information from graphics into a text	Accurately incorporate somewhat detailed or nuanced information from graphics into a text	Incorporate accurate, specific, and complex information from graphics into a text

Grade–Appropriate Math

PSAT™ 8/9	PSAT™ 10 & PSAT/NMSQT®	SAT®
Many items requiring one or two steps to solve	Many items requiring 2 or more steps to solve	Emphasis on multi-step problems
May require the use of common geometric equations	May require the use of common geometric equations and spatial reasoning	Requires the use of geometry concepts and reasoning
Includes ratios, proportions, percents, introductory probability and statistics	Requires comparing linear and exponential growth	Includes statistics topics such as sampling and inferring correlation and causation from a research method
May require the use of properties of right triangles to solve problems	Requires the use of trigonometric relationships	Requires the use of trigonometry

PSAT 8/9 Reading Test Sample Questions

Title: Magic Toy Cement Mixer

Content classification: US and World Literature

This passage is adapted from David Foster Wallace, “All That.” © 2009 by Condé Nast.

Once when I was a little boy I received as a gift a toy cement mixer. It was made of wood except for its wheels—axles—which, as I remember, were thin metal rods.

(line 3) It was the same overlarge miniature as many other toy vehicles—about the size of a breadbox. It weighed three or four pounds. It was a simple toy—no batteries. It had a colored rope, with a yellow handle, and you held the handle and walked pulling the cement mixer behind you—rather like a wagon, although it was nowhere near the size of a wagon.

1. The main purpose of the second paragraph (lines 3-6) is to
 - A. describe the toy cement mixer.
 - B. list the narrator’s favorite toys.
 - C. show that simple toys are as fun as complicated ones.
 - D. explain why the narrator liked the toy cement mixer.

► Difficulty: Medium

PSAT 8/9 Reading Test Sample Questions

Title: Magic Toy Cement Mixer

Content classification: US and World Literature

- ▶ Difficulty: Medium
- ▶ Content: *Rhetoric / Analyzing purpose*
- ▶ Focus: *Students must determine the most likely purpose of a particular part of a text.*

- ▶ Choice A is the best answer because the second paragraph primarily offers a description of the toy cement mixer. In these lines, the narrator describes the size, appearance, and mechanics of the toy, noting that it was “about the size of a breadbox,” had “a colored rope, with a yellow handle,” and was pulled “rather like a wagon.”

PSAT 8/9 Math Test: Focus

- **Heart of Algebra** focuses on the mastery of linear equations and systems.
- **Problem Solving and Data Analysis** is about being quantitatively literate.
- There will also be some **Passport to Advanced Math** questions; these require the manipulation of complex equations.

PSAT 8/9 Math Test Sample Questions SAT

CONTENT: Problem Solving and Data Analysis

1. The table below shows how many students in each grade enrolled in Wilson Middle School's music class and how many are not.

Wilson Middle School
Music Class

	Enrolled in music class	Not enrolled in music class
6 th graders	18	12
7 th graders	21	11
8 th graders	25	8

What is the probability that a Wilson Middle School student chosen at random is enrolled in music class?

A. $\frac{18}{64}$

B. $\frac{31}{64}$

C. $\frac{31}{95}$

D. $\frac{64}{95}$

PSAT 8/9 Math Test Sample Questions SAT

CONTENT: Problem Solving and Data Analysis

1. The table below shows how many students in each grade enrolled in Wilson Middle School's music class and how many are not.

Wilson Middle School
Music Class

	Enrolled in music class	Not enrolled in music class
6 th graders	18	12
7 th graders	21	11
8 th graders	25	8

What is the probability that a Wilson Middle School student chosen at random is enrolled in music class?

A. $\frac{18}{64}$

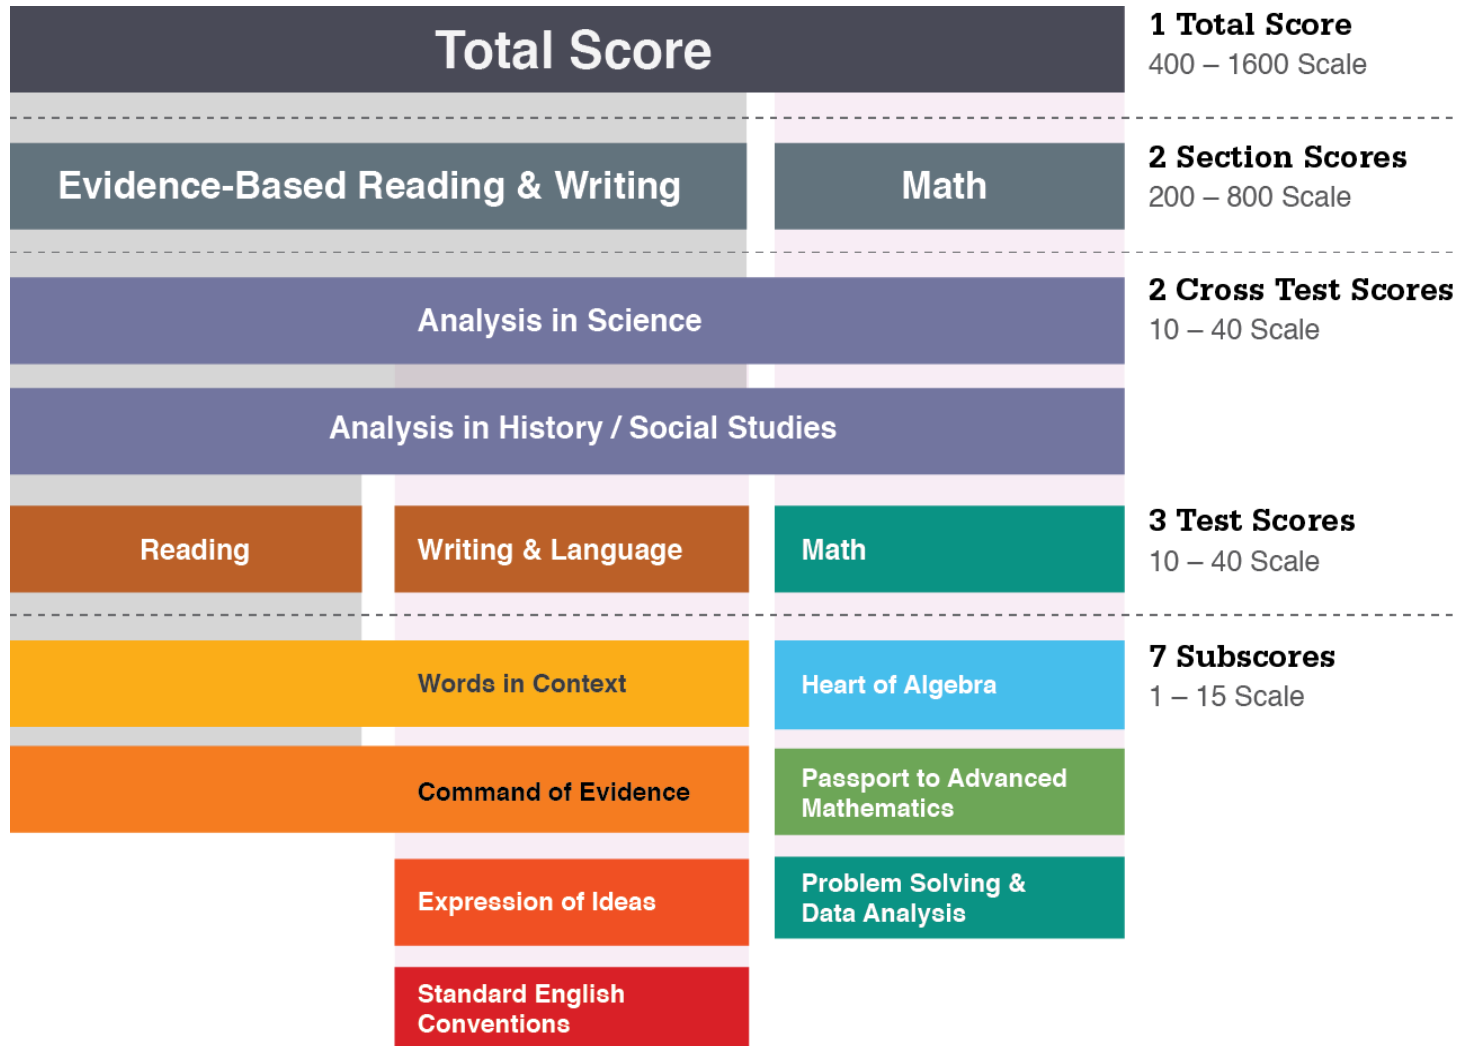

B. $\frac{31}{64}$

C. $\frac{31}{95}$

D. $\frac{64}{95}$

Rationale: Choice D is correct. There are 64 students enrolled in music class and 31 students not enrolled in music class. There are 95 students at the school.

Scores

Vertical Scale Messaging

Keep in mind,
the PSAT™ 8/9,
PSAT/NMSQT®, and
SAT® are on
the same scale.

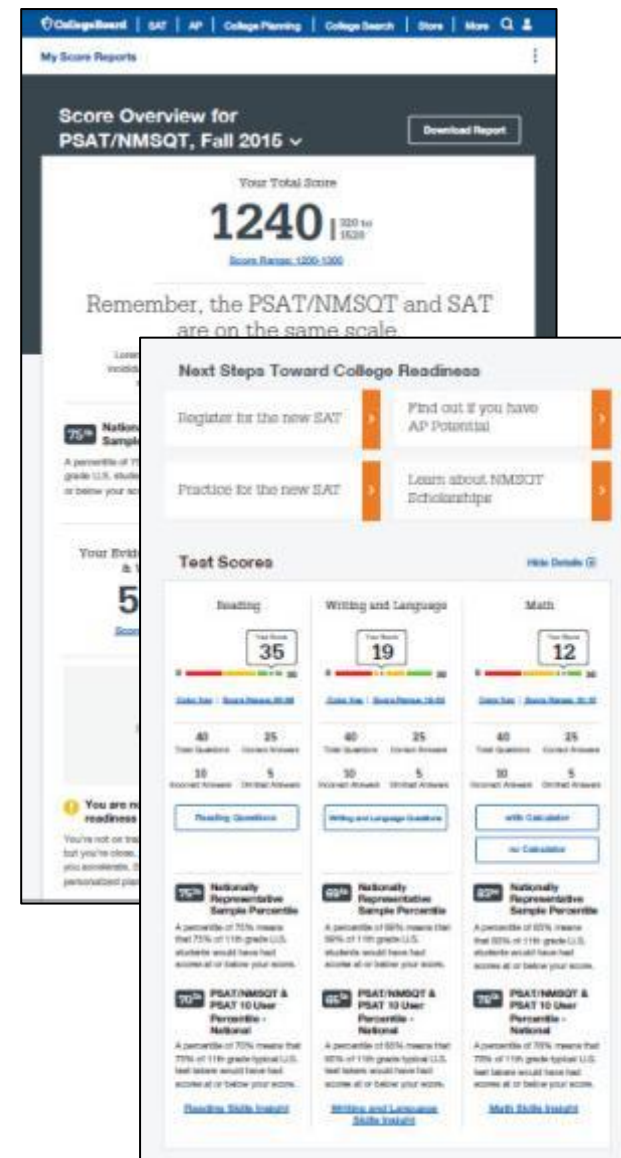

Your score shows you how you would have
scored that day on the PSAT/NMSQT® and SAT®.¹
How well you do depends on what you do next!

¹ Beginning in March 2016

When you take tests more than once, your scores will likely fall in upon retesting. For

Total: Your score = 40 points.
Sections: Your score = 80 points.
Test Scores and Cross-Test Scores: Your score = 2 points.

Remember that you will receive scores in and SAT.

1. Beginning in March 2016

Your Score

Your score indicates that you are already likely able to:

- Revise text as needed to improve the exactness or content appropriateness of word choices within somewhat challenging texts
- Retain or add information or ideas to a piece of a text to support claims or points in somewhat challenging text
- Revise somewhat challenging text to ensure that information is presented in the most logical order
- Revise text as needed to improve the exactness or content appropriateness of word choices within somewhat challenging texts

Writing

- Draw reasonable conclusions from somewhat challenging texts
- Describe the overall structure of a somewhat challenging text
- Identify claims and counterclaims explicitly stated in a somewhat challenging passage
- Revise text as needed to improve the exactness or content appropriateness of word choices within somewhat challenging texts

- Interpret a linear inequality in one variable with rational coefficients that represents a context. Select the equation of a line in the context of the situation (when a linear model is appropriate)
- Interpret sample statistics understanding and using margin of error
- Solve and interpret a quadratic function or equation that represents a context and require multiple steps
- Calculate and interpret frequency distributions using tables and other representational methods

Official SAT Practice Tests

With Scoring for Paper & Pencil

Powered By Schools, Educators, Community Groups

Why link Khan Academy and College Board Accounts?

- You will be able to link your College Board and Khan Academy accounts in early January 2016 when you get your PSAT/NMSQT results.
- Linking your accounts will further personalize your practice as item-level data from your PSAT/NMSQT or PSAT 8/9 will be used by Khan Academy to generate specific practice recommendations based on an actual exam taken under test-like conditions.
- All future scores from the SAT, PSAT/NMSQT, PSAT 10 and PSAT 8/9 will also be sent to help customize your practice and recommendations on Khan Academy.
- You will be able to jump right into practice without having to take any additional diagnostic quizzes or practice tests to get personalized recommendations.

Please note that you can terminate your account linking at any time.

Student AP Potential format updated SAT[®] and expanded

- ▶ AP Potential information for grades 9 through 12 based on latest assessment taken
 - ▶ Grade 9 sees two courses only (European History and World History)
- ▶ AP courses to college major matching
- ▶ Search AP course offerings by high school
- ▶ AP Potential will be available for all redesigned assessments

AP Potential and Coursework

What is AP?

Advanced Placement is a College Board program that enables students to pursue college-level studies – with the opportunity to earn college credit, advanced placement or both – while still in high school. The program offers courses in more than 30 subjects. For a full list of courses, click [here](#). If you've taken a College Board assessment in 9th grade or higher, see below for a list of AP courses that you are likely to succeed in. If you've taken an assessment in 9th grade or higher but don't see any AP courses listed below, click [here](#) to link the scores to this account or contact Customer Service at (800)756-7346 for assistance and questions.

High School Core Coursework

Colleges have different high school course requirements, but all expect you to take classes that challenge your skills. Try to take a core course load of 4 years of English and at least 3 years of Math, Science, and Social Studies. As you work towards your high school diploma, you should consider taking courses that align with your future career interest and college major, which may require more than the standard core course load. You may also want to think about taking Advanced Placement courses in your later years of high school.

[View all AP Courses](#)

AP Potential Key

Potential
Your scores show that you have the potential for success in this course. Speak with your teachers or school counselor to see if you have the appropriate prerequisite courses and find out how you can enroll.

Some Potential
Your scores show that you have some potential for success in this AP course. Having interest in the course subject as well as dedication to working hard will increase your chances for success. Speak with your teachers or school counselor to see if you have the appropriate prerequisite courses and find out how you can enroll.

Potential Not Yet Indicated
Your scores show that you may need more preparation and support to be successful in this course. Share your goals and interests with your teachers and school counselor, and learn which high school courses can prepare you for AP courses in the future. If you're already taking an AP course, you can still succeed through hard work and motivation. Talk to your teachers regularly so they can support you.

AP Courses

Your score on the PSAT/NMSQT can identify your potential for success in specific AP courses. Below is a list of these AP courses. The chart identifies your potential for each of these AP courses and if these AP courses are offered in your school. You may also look to see if these AP courses match your college major.

The Traditionalists
advocating saving organizing

ESFZ The Caretaker

As you begin to explore your type profile, it is important to remember that you are the best judge of your own personality. At this stage you alone must decide how well the description fits you.

Your Strengths Include...

- An outgoing, social nature.
- An ability to maintain long-term relationships.
- A willingness to work hard and take on responsibility.
- Coordinating resources to accomplish projects.
- Personalizing work processes.
- Selling practical and tangible products.
- Adhering to proper channels of communication and chains of command.
- Carrying out tasks efficiently.
- Maintaining harmony and progress.
- A high productivity level and an organized approach to tasks.
- Minimizing risk by opting for a conservative route.
- Dealing with facts and realities rather than theories.
- Preserving tradition.

You Learn Best When Dealing With...

- Subjects that aren't too abstract or theoretical.
- Structured sources, experiences.
